PROGRAM INPUT

```
1  <!DOCTYPE html>
2  <html>
3  <head>
4      <title>Hover Effects with Image</title>
5      <style>
6          body {
7              text-align:center;
8              font-family:verdana;
9              background-color:■pink;
10         }
11
12         h2 {
13             font-size:35px;
14         }
15
16         .btn {
17             background-color:■blue;
18             color:■white;
19             padding: 12px 20px;
20             font-size: 16px;
21             border-radius: 5px;
22             transition: 0.4s;
23         }
24
25         .btn:hover {
26             background-color:■blueviolet;
27             transform:scale(1.1);
28         }
```

```
30         .image {
31             width: 200px;
32             height: 200px;
33             margin-top: 30px;
34             border-radius: 10px;
35             transition: 0.5s;
36         }
37
38         .image:hover {
39             transform: scale(1.2);
40             filter: brightness(120%);
41         }
42     </style>
43 </head>
44 <body>
45     <h2>Hover Effects and Transitions</h2>
46     <button class="btn">Hover Me</button>
47     <div class="box"></div>
48     
49 </body>
50 </html>
```

HTML TAGS USED

<html> - Root element

<head> - Contains title & style

<title> - Page title.

<style> - CSS styling.

<body> - Main content.

<h2> - Heading.

<button> - Interactive button.

<div> - Container.

**** - Displays image.

CSS EXPLANATION

.btn - Styles button.

.btn:hover - Changes color & size.

.image - Styles image.

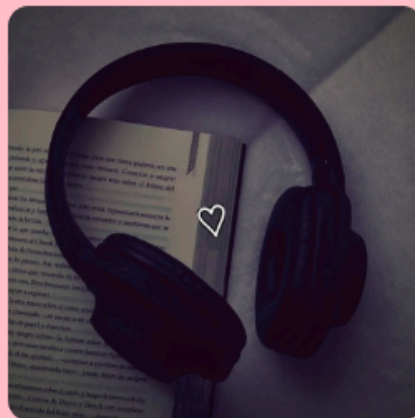

.image:hover - Zoom + brightness effect.

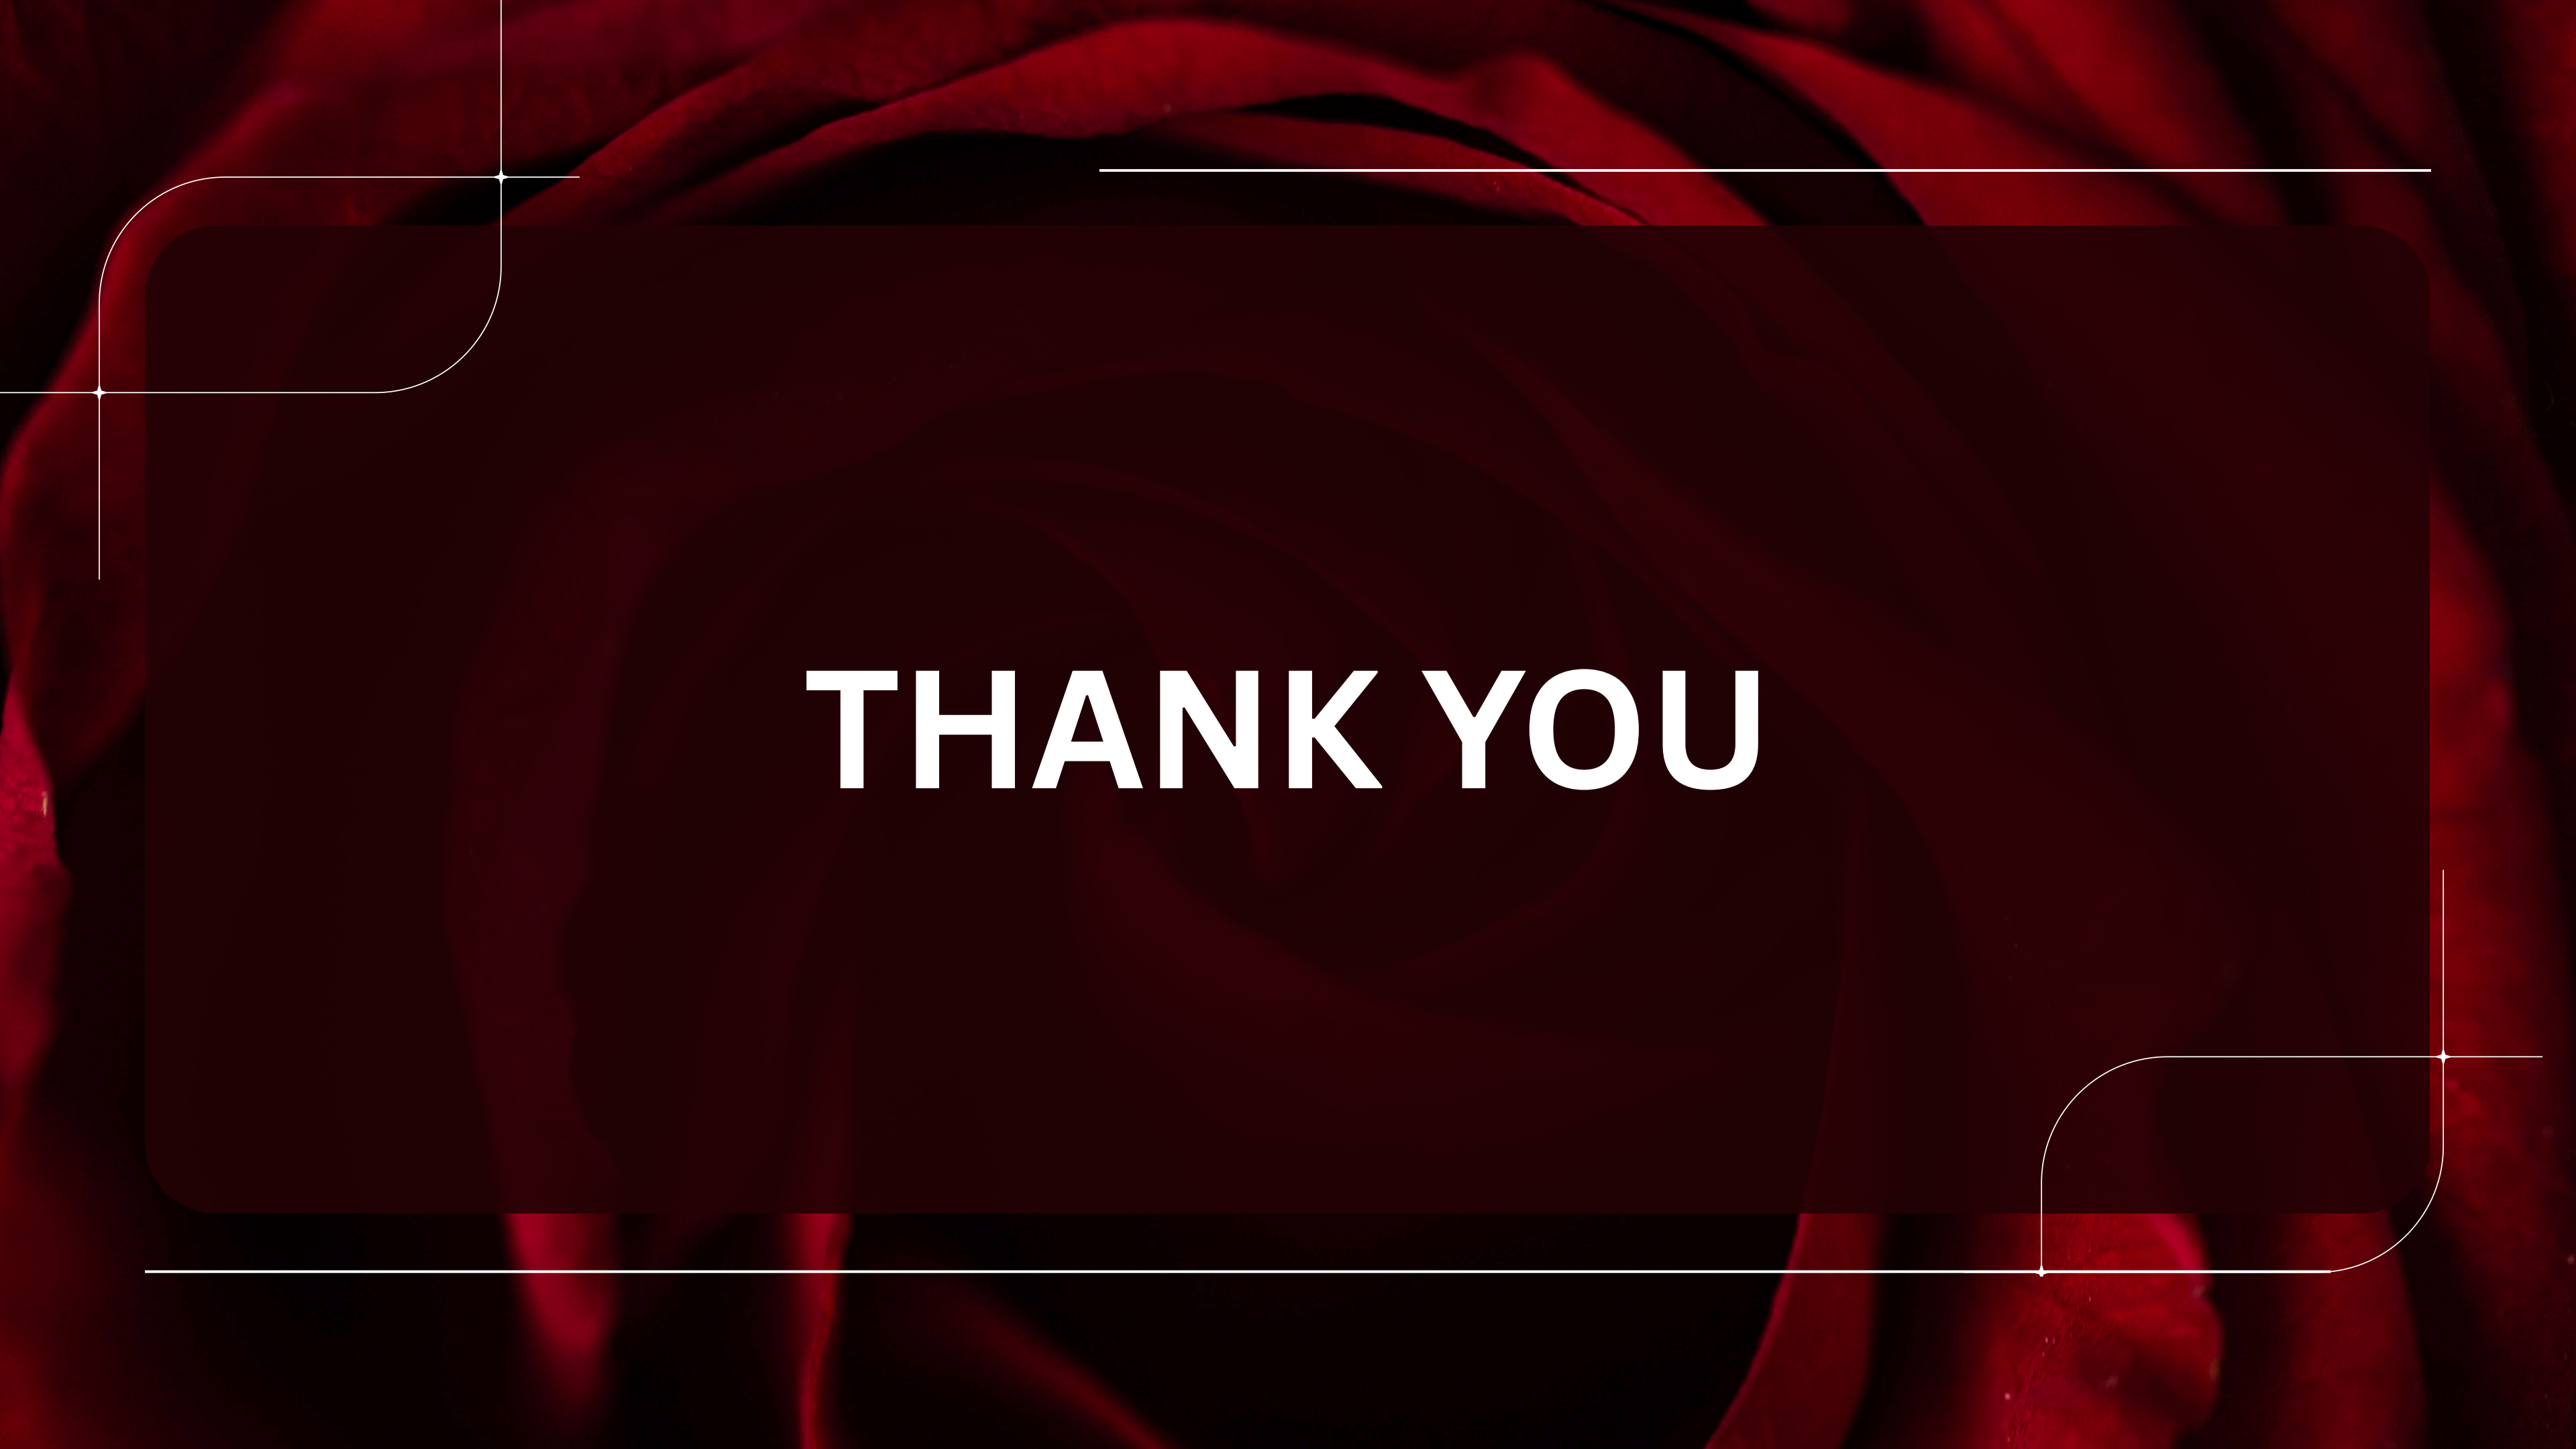

transition - Smooth animation.

PROGRAM OUTPUT

Hover Effects and Transitions

Hover Me

THANK YOU
